- Integrations with Leading Student Management Systems

Overview

Schools today face increasing challenges in ensuring student and staff safety while efficiently managing visitors, volunteers, and contractors. **Splan School Visitor Management** offers a comprehensive, cloud-based solution designed to streamline check-in processes, enhance security, and ensure compliance with school policies. From visitor screening and volunteer tracking to emergency preparedness and real-time reporting, Splan empowers schools to create a safer, more efficient environment.

Features

- **Student Check-In / Check-Out:** Tracks student arrivals and departures, ensuring accurate attendance records.
- **Tardy & Early Dismissal Management:** Automates logging and approvals for late arrivals and early departures.
- **Sexual Offender & Background Screening:** Instantly checks visitors against national and state sexual offender databases and watchlists, preventing unauthorized access.
- **Emergency Alerts & Notifications:** Sends real-time alerts to staff and parents during critical situations for swift response.
- **Authorized Visitor Management:** Maintains a pre-approved visitor list for smoother, more secure entry.
- **Student Attendance Tracking:** Accurately records attendance data, helping schools monitor and manage student presence.
- **Seamless Student Information System (SIS) Integration:** Syncs with leading student management systems for real-time data updates.
- **Integration with Physical Access Control Systems:** Seamlessly connects with leading access control solutions, enabling automated door entry for authorized individuals and restricting unauthorized access to secure areas.

Benefits

- Increased Campus Safety
- Reduced Administrative Burden
- Better Compliance Management
- Improved Student Accountability
- Faster Emergency Response
- Enhanced Parent Trust
- Seamless Staff Coordination
- More Efficient School Operations
- Minimized Unauthorized Access
- Stronger Data Protection
- Optimized Resource Allocation
- Customizable Workflows
- Scalable for All Schools
- User-Friendly Experience
- Cost-Effective Security Solution

Upgrade your school's visitor management system with Splan's advanced, easy-to-use, and secure platform. Ensure safety, streamline operations, and maintain compliance effortlessly. Contact us today to learn more!
